

Setting the correct format for price field in Price Card Pro and PriceTag

These steps show an end user / software installer how to add a price field to a food ticket that adds a £ sign automatically when filled.

Open PCP/PT.

Click on the CONFIGURATION tab.

Click on the CARD DESIGNER button.

Once price ticket design has loaded, double click the price field and pick: PRICE field - Format to **Decimal** and type **C2** in the adjacent box.

The price field can be concatenated with UNIT field or the UNIT field can be a separate field however this needs to be in STRING format whichever is decided.

The screenshot shows a configuration window titled "Concatenation" with a dropdown menu. Below the title, there are two sections for "Concatenation field:". The first section is expanded and shows a dropdown menu set to "Price" and a text input field containing "15.". To the right of the input field is a red "X" icon. Below this is a "Formatting options" section with a "Letter case:" dropdown set to "Maintain original". There are two rows for "Prefix:" and "Suffix:" with empty text input fields and "Always visible" checkboxes. The "Format:" dropdown is set to "Decimal" and the adjacent text input field contains "C2". At the bottom of the window, there is a checked checkbox for "Separate fields with spaces" and a "Concatenate" button with a help icon. A "Close" button is located at the bottom right of the window.

The screenshot displays the PriceCardPro Designer interface. The main workspace shows a price card for a banana with the following text: "Banana", "Fairtrade product", "£0.45 each", and "Allergens" followed by ten allergen placeholders. The price "£0.45" is highlighted with a blue selection box. The Properties panel on the right shows the selected price's formatting options, including "Price", "Letter case", "Prefix", "Suffix", and "Format".

Price Card Design:

- Product: Banana
- Description: Fairtrade product
- Price: £0.45 each
- Allergens: {Allergen 1} {Allergen 2} {Allergen 3} {Allergen 4} {Allergen 5} {Allergen 6} {Allergen 8} {Allergen 9} {Allergen 10}

Properties Panel (Price):

- Price: £0.45
- Letter case: Maintain original
- Prefix: (empty)
- Suffix: (empty)
- Format: Decimal, c2
- Concatenate: (checked)
